REBATE APPLICATION NOTES

- Electric heat includes heat pumps and electric resistance heating systems.
- Attic/Ceiling Insulation requires a starting "effective" value of less than or equal to R 30 (OR less than or equal to 10" of insulation). "Effective" R value considers framing members in the overall existing attic/ceiling R value. A minimum of R 19 or 6" of insulation must be added for a final effective value of R 49. Must install a minimum of 500 sq. ft.
- Kneewall Insulation requires that the kneewall be insulated with spray foam insulation with a minimum of R 19 value OR insulated with 6 sided wall (with rigid board or radiant foil bubble insulation) to encapsulate and seal the insulation. Kneewall minimum installation is 100 square feet.
- Band Joist Insulation - To qualify for this rebate the band joist must be insulated with spray foam insulation with a minimum of R 10 value OR all joints must be air sealed with caulk or spray foam and insulated with a minimum of R 10 value. Minimum area must be 100 linear ft. OR entire available band joist area (whichever is smaller).
- Requires lapped and sealed vapor barrier on unfinished crawlspace floor if deficient or not existing.
- Window Replacement - Windows must be rated as ENERGY STAR for Northern Climate Zone and/or National Fenestration Council with a U-value of .30 or less (for example: U-value of .31 does not qualify, U-value of .29 does qualify). Rebates for windows will only be paid per existing rough window opening (see figure 1), not per window installed. To calculate window square feet: length (inches) multiplied by width (inches) divided by 144 = square feet of window.

ADDITIONAL APPLICATION ITEMS

These Terms and Conditions are effective and valid from January 1, 2014, until further notice. The existence of the program and all program details, rebate levels, and terms and conditions are subject to change or cancellation without prior notice at DTE Energy's (DTE's) sole discretion.

This application and any required documentation must be filled out completely, truthfully, and accurately. Applicants are advised to retain a copy of this application and any accompanying documentation submitted to DTE under this program. DTE will not be responsible for lost documentation pertaining to this application request.

Rebates are calculated based on the date of audit completion or measure installation. Application and supporting documentation must be received by the rebate processing center within 30 days of the audit completion or measure installation date.

Only one rebate is available for each qualifying measure at address installed.

To receive OR assign rebates, applicant must have a valid legal signature.

ELIGIBILITY

DTE must be the primary heat source, either natural gas or ALL ELECTRIC heat.

DTE account must be a residential rate account in good standing at time of audit/installation.

In order to submit rebate applications, contractors must be BPI or RESNET certified for the current program year. In addition, it is mandatory that prior to submitting applications, contractors register on dteenergy.com's Energy Efficiency Directory, attend/review a program training session, sign a participation agreement, and file a copy of BPI or RESNET certification with the implementation contractor.

Home Performance rebates are only available for structures built prior to January 1, 2008. Qualifying structures are site-built single-family residential homes and detached condominiums, connected housing (duplexes, flats, connected condominiums, townhouses, row houses, cooperatives) with three stories or less, individual meters for natural gas and electricity, individual heat and domestic hot water equipment, and individual entrances to each unit.

Mobile homes and manufactured homes are not eligible for audit or weatherization rebates.

Only work performed to the conditioned spaces of an existing structure is eligible (i.e., new additions, garages, and enclosed porches are not eligible).

PROOF OF PURCHASE/SUPPORTING DOCUMENTATION

All materials must be purchased and installed prior to application submission.

An invoice itemizing the purchased upgrade(s) and/or services provided must accompany this application.

Supporting documentation for windows is a copy of their ENERGY STAR or National Fenestration Council rating certificate stating a U-value of .30 or less and an invoice clearly listing window size (when claiming double rebate). Solid core doors with glass lites smaller than 75% of total door area and storm doors do not qualify.

A copy of the pre- and post-energy audit report (or pre- and post-Beacon HEA scenario ID) is required for all measures.

APPROVAL, VERIFICATION AND INSPECTION

Prior to the payment of any rebates, DTE reserves the right to verify sales transactions and the accuracy of all applicant-provided information.

LIMITED FUNDS

The program has a limited budget, but is a multiyear program. Applications will be processed until allocated funds are spent each program year. DTE reserves the right not to pay the rebate if funds are not available at the time of the application approval, or if the form and all required additional information are not filled out completely and accurately.

PAYMENT

Please allow 6-8 weeks for payment. Processing may take longer if information is incomplete or inaccurate, or due to other unforeseen circumstances.

INFORMATION RELEASE

Applicant agrees that DTE may include customer's name, address, DTE account number, DTE services, and resulting energy savings ("Information") in a database hosted by a contractor of DTE and such Information may be included in reports or other documentation submitted to DTE, and/or the Michigan Public Service Commission ("Reports"). Information in the Reports shall only be in the aggregate. DTE may use this information for our own internal business purposes.

RELEASE/INDEMNIFICATION

Payment of rebates under the program and/or evaluation of applications for rebates shall not deem DTE or any of its affiliates, employees, or agents ("DTE Parties") to be responsible for any work completed in connection herewith. Applicant fully releases DTE Parties from any and all claims it may have against DTE Parties in connection with this application, the rebates, or the work performed in connection with them. In addition, applicant agrees to defend, indemnify, and hold DTE Parties harmless from and against any and all claims, losses, demands, or lawsuits by any third parties acting in connection with this application, the payment or nonpayment of rebates, or any work performed in connection with them.

LIMITATION OF LIABILITY

DTE's total liability is limited to the amount of the rebate payment specified in this application. IN NO EVENT WILL DTE BE LIABLE WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, WARRANTY, OR OTHERWISE FOR SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES CONNECTED WITH OR RESULTING FROM PARTICIPATION IN THE PROGRAM.

DISCLAIMER/WARRANTY

None of the DTE Parties guarantees the energy savings under this program nor makes any warranties associated with the measures eligible for rebates under this program. DTE has no obligations regarding, and does not endorse, guarantee, or warrant any claims, promises, work, or equipment made, performed, or furnished by any contractor or equipment vendor that sells or installs any energy efficiency measure under this program. DTE makes no warranties or representations of any kind, whether statutory, expressed, or implied, including without limitations, warranties of merchantability or fitness for a particular purpose regarding any product or service rendered by any person under this program. All such products and services shall be accepted by applicant "AS IS" with respect to DTE. DTE has no obligation to make any rebate described herein. In no event shall DTE implementation contractor be liable for any incidental or consequential damages.

TAX LIABILITY

DTE will not be responsible for any tax liability that may result from the payment of rebates. Contact your tax advisor for more information.

PROPERTY RIGHTS

Applicant represents that applicant has the right to complete and/or install the energy-savings measures on the property on which those measures are completed and/or installed and that any necessary landlord's consent has been obtained.

Rebate Certification *(This application is not considered complete until all boxes are verified and application is signed.):*

Customer/Contractor Certification: I certify all items have been satisfactorily completed at the address listed on this application. I further certify that all statements made in this application are true and correct.

- I have reviewed, and agree to comply with the Terms and Conditions associated with this application.
- I agree to the Rebate Distribution as stated below.
- I have attached copies of all applicable supporting documents (itemized receipts/invoices with contact information, certified audit reports, HVAC permit, or permit application and window certifications) for work that has been completed and paid for, to be eligible for the listed rebates.
